- Furnishing the City Clerk's office with such information as may, from time to time, be requested by the city to properly register any such property for Outside Fire Protection.
- Payment of a \$120.00 registration fee is due and payable before February 1, of each year, whether a renewal is received by the applicant or not.

I, further understand, that any deviations or violations of the above subjects my name to being removed from Outside Fire Service Board deleting service to my afore registered premises without further notice.

Further, I understand the provision as contained in Sec. 9-26 of the Cedartown City Code as follows:

Nothing contained in this article or in any bond made in compliance with this article shall be construed as a contract binding in any way on the city to respond to any call to any property of any registrant, when, in the opinion of the Chief or other person in charge of the Fire Dept.

When the Chief is absent therefrom, it is impractical to respond to such call at the time and place and under the circumstances then existing, or if the Fire Dept.'s equipment is needed or is being used elsewhere inside or outside the corporate limits, or in any other emergency. Nothing contained in this article or in any bond made in compliance herewith shall be construed to impose any liability on the city for failure to extinguish a fire or prevent the spread of fire to any registrant's property, neither shall the city be liable for any damage to life, limb nor property by reason of the Fire Dept. responding to any call, or for failure to respond to any call.
